PORCELAIN TILE

Persian Art, Global Technology

Palermo started its activity since 2014 using experts and professionals. The main goal of our brands is to produce and present high-quality products. Our product includes but is not limited to Full-Body Porcelain, Super Polish, Matt and Rustic Ceramic Tiles with many size diversity and exclusive size of 80*120 cm. To meet our expectations, we started valuable collaboration with well-known companies such as Esmalglass (Spain) and Sicer (Italy). Our brand received the Iran's national standard certificate, European CE, Italian Centro Ceramico and Spanish ITC. Here at Palermo we are motivated and committed to be a leader in the ceramic sector by setting the bar high on the quality and development.

The image displays a close-up of a Calacatta Gold marble surface. The pattern is characterized by a light cream or off-white base color, which is intricately veined with thin, flowing lines of golden-brown and light tan. These veins vary in thickness and direction, creating a dynamic and organic visual texture. Two thin, dark grey lines intersect diagonally across the upper portion of the image, likely representing the grout lines of a tiled surface. In the bottom right corner, the text 'CALACATTA GOLD' and 'CODE:2050' is printed in a clean, black, sans-serif font.

MARBLE WOOD DARK BROWN
CODE:2430

The image shows a close-up of a flooring material with a 'Marble Wood' pattern. The texture is characterized by wavy, horizontal lines in shades of light brown, tan, and grey, mimicking the appearance of wood grain. The pattern is consistent across the entire surface, with subtle variations in tone and texture that give it a natural, organic feel. The lighting is even, highlighting the fine details of the pattern.
